Sounds good. I did a cursory look for them, but will double check before I message Megan.

Cheers!

Bill

Yes, but check the OneDrive site first. I know that SMP shared a bunch of GIS information with us at one point.

I see a lot of interesting information on the figure we may want to include in our figures/drawings. Would it be okay if I responded to Megan and requested a GIS shape file with this information?

Cheers!

Bill

Subject: [EXTERNAL] FW: Historical Property in Chuckery Area

Hi MB and Bill,

Please see my e-mail to Megan and the attached map. I asked Megan to tell me where the historical structure was in the Chuckery area. Now we just need to overlay this on the wetland map.

Karla,

Attached is a pdf showing the location of the structure I think you're talking about (the red arrow is pointing to it). It is the remnants of the Portage Rendering Plant.

I hope this helps!

Megan

Hi Megan – We (Jacobs, EPA and Mike Johnson) have a call tomorrow to discuss the Gorge wetland delineation and I recall you mentioning that there was an historical building on the SW portion of the Chuckery area. Would you be able to show me where it is on the attached map?

Thanks - Karla
